OBJECTIVE

Seeking a challenging and rewarding opportunity with an organization of repute which recognizes my true potential and effectively utilizes/nurtures my excellent technical skills in IT industry.

EDUCATION

2018-2022

B.E IN (INFORMATION TECHNOLOGY), ST JOHN COLLEGE OF ENGINEERING & MANAGEMENT

The CGPA Achieved till SEM (VII) IS **7.36**.

2018

HSC/INTERMEDIATE, S.R.KJUNIOR COLLEGE, DAHANU

The percentage Achieved in the Academic year 2018 is **58.46%**.

2016

SSC, K. L. PONDA HIGH SCHOOL, DAHANU

The percentage Achieved in the Academic year 2016 is **70.80%**.

STRENGTHS

- Self-Motivated
- Flexible and hard worker
- Quick Learner

PROJECT EXPERIENCE

#1

- **Project Title:** Hotel Management System
- **Description:** The purpose of hotel management web portal is to provide online information about hotel and its facilities as well as booking it online. It required time being changes in content as well as design and functionalities.

#2

- **Project Title:** Road Accident Reporting using Machine Learning
- **Description:** When an accident occurs, the victim's survival rate increases when immediate medical assistance is given. We can only give the proper medical assistance when the victim has been sent to the hospital on time. This can be achieved by reporting the location of the victim to the hospital. This project presents a design and implementation of such a system, that is able to give a set of information from the

user to the nearby hospital by sending a mail alert by using technologies such as Convolutional Neural Network (CNN) and TensorFlow which is used to build the model which would help in detecting the accident and thus then sending an email alert to the nearby hospital and helping the victim to get immediate medication.

TECHNICAL SKILLS

Programming Languages:	Basics of Java, C, Python
Web Technologies:	HTML, CSS
Database:	MySQL

ACHIEVEMENTS

- Participated Workshop on “Data science” at IIT, Bombay organized by Azure Skynet Solutions Pvt. Ltd.
- Completed Html 5 Advance course certification course on Udemy
- Completed Python 3 Master course certification course on Udemy
- Completed C Development course certification course on Udemy
- Completed Java Programming course certification course on Udemy
- Ms-CIT
- Participated and won prizes in various sports

EXTRA – CURRICULAR ACTIVITIES

- Member of Event team in ISTE (Indian Society for Technical Education) in SJCEM (St. John College of Engineering and Management).
